The Gallatin Hockey Officials' Association Treasurer shall bill for games the first week of each month for games occurring in the preceding month (*e.g.* February games are to be billed the first week of March). Fees are due to the GHOA Treasurer by the tenth day of each month. Games which are scheduled with less than a seven day notice shall be charged an additional \$10 per game. Games cancelled less than 24 hours prior to scheduled game time shall be billed as if played. An early or late game is defined as any game which is scheduled to begin prior to 7:00am or to begin later than 10:00pm, regardless of level or classification. Early or late youth games shall incur an additional fee of \$5 per official per game. Early or late adult games shall incur an additional \$10 per official per game.

Officials definitions are 2R = 2 referees, 1R2L = 1 referee + 2 linesmen, 2R2L = 2 referees + 2 linesmen. There may be situations when a different officiating system than the one listed is used. Usually, this will mean adding an additional on-ice official (*e.g.* 1R2L in place of 2R or 2R2L in place of 1R2L). In any such situation, the fee for that game shall remain unchanged.

Fees shown are based on the associated period time. Games played with a period time greater than what is listed above are subject to billing at an increased rate. If, at the time of tournament planning, you anticipate a format which does not apply to what is listed above, please contact us as early as possible.
